

Crew Pre-Arrival Checklist

Below is a list of tasks that need to be completed prior to your arrival at Northern Tier:

- Entire crew has watched Northern Tier First Night Orientation found at this link: <https://www.ntier.org/resources/winter/updated-resources-for-winter-2020-2021/>
- Entire crew has completed a shake down of all the gear they will be bringing to Northern Tier:
 - If a participant needs items from the gear list. Ensure those items have been ordered and will arrive prior to their departure for Northern Tier. You can order gear via Northern Tier's Trading Post (<https://store.ntier.org/>).
- Entire crew has their own face mask and personal bottle of hand sanitizer for traveling and arrival at Northern Tier.
- Entire crew has completed the Pre-Event Medical Screening form (COVID-19 version).
- If a member of your crew or anyone in that members household is feeling sick within two weeks of your scheduled arrival. That member of the crew should stay home.

If you want your crew to be prepared for a smooth and efficient check-in, prepare all of the following documents prior to arrival and place in a folder or binder. Bring this binder with you through the check-in process.

- WILDERNESS FIRST AID AND CPR CERTIFICATION –We encourage crew leadership to complete the published Wilderness First Aid and CPR requirements by seeking local training courses prior to your session. However, each base has implemented alternate plans to address remote first aid and no crews will be denied due to the inability to meet WFA and CPR requirements during the 2020 season. High adventure base program models have been adjusted to accommodate crews who do not have these certifications. These alternative requirements have been extended through March 15, 2021
- BSA E-CERTIFICATIONS – The following trainings can be found at www.my.scouting.org. Each Crew must present proof that at least one adult leader has training in each of the following:
 - BSA Weather Hazards
- BSA YOUTH PROTECTION – All Adult Leaders must present proof of current Youth Protection Training. This training can be found at www.my.scouting.org.
- BSA HEALTH AND MEDICAL FORMS – All participants must submit complete and current (within 1 year) Medical Forms and meet Height/Weight Requirements.
- In addition, Crews will be asked: If they have a complete and thorough FIRST AID KIT or If they have any SPECIAL DEPARTURE PLANS (Early Breakfast, etc.)
