

Northern Tier offers a variety of programs during the winter season. We understand that many Troops and Crews want to work around school schedules, and we have done our best to help you work around those schedules. Our more popular programs have set schedules that cannot be adjusted. If you want an Okpik adventure outside of those designated sessions, you can 'Build Your Own Winter Adventure!' More details are below on this option.

A couple of program notes:

- Dogs are only at Northern Tier during the designated dog program sessions. If you would like to meet the dogs, perhaps learn a little about them, and get an introductory circle ride (1-3 minute quick ride), you will need to overlap your adventure with the session dates of the dog programs.
- Pricing for our scheduled programs is the cost of the program for the crew size noted.
- Adventure' you will see peak season and off-peak season pricing. Pay careful attention to this pricing difference when you book your adventures.

Build Your Own Winter Adventure:

This program is available beginning Jan 3. You as a crew can pick the day you want to arrive at Northern Tier and the day you want to depart from Northern Tier for home. Once we have that information, we can help you design a program that best meets your needs.

Build Your Own Winter Adventure (arriving Jan-Mar 2025)
